ServiceMASTER Restore®

“ServiceMaster By Glenn’s”

THE MOST EFFECTIVE TEMPORARY ROOFING SOLUTION

WHAT WE DO.

ServiceMaster Restore sets the industry standard in disaster restoration services. Our team is trained and certified in all applicable areas. We are dedicated to working with our customers throughout the entire restoration process.

ServiceMaster Restore is committed to helping our communities rebuild after a disaster, helping businesses get back to work, and helping our neighbors restore their homes to pre-loss conditions.

ServiceMaster Restore is by your side 24/7/365 to restore your property and your peace of mind.

Fire Resistant Certification

24 Month UV Protection

50% More Tear Resistant

Easy To Inspect

WHY CHOOSE US?

The WrapRoof™ product is installed without causing additional damage to your roof, unlike the typical blue tarp installation that would need to be replaced an average of 12 times to match the lifespan of this solution.

The WrapRoof™ method is applicable to all types of roof systems, no matter the material, size or complexity of the roof.

We leave your roof looking well maintained for a full year while keeping it preserved, mold-free, and fully functional.

OPTIMAL FOR:

Residential Roofs

Commercial Roofs

Low Slope Roofs
